

Jonas Ihreborn AB 2018

The Company

We believe furniture can only be justified if they have personality and are truly filling a need. With this in mind, we create pragmatic, timeless and longlasting products for a sustainable future.

Jonas Ihreborn is the third generation in a line of upholstery craftsmen and producers. Since we are a family business our values and personal engagement are most important.

The factory

All furniture is made in our own factory in Småland, the centre of the Swedish manufacturing area, close to our local sub-suppliers. Therefore, we are able to control the whole process and keep the workforce happy. This contributes to sustainable development with environmental awareness and fair conditions.

Design

We design furniture aimed to create long term relationships. The collection builds on familiar themes, both traditional and modern, combined with a strong individual aesthetic for each piece.

Our designers

Jonas Ihreborn, CEO and designer, has designed the popular SEVENTY and SEVENTY FIVE easy chairs, among others.

Helene Tiedemann, interior architect and designer, has made some main pieces such as BLOB, STORY, CUTE, TALK and FLORA.

Matz Borgström, product- and furniture designer, has designed PIANO table and bench as well as the POD collection.

Thomas E. Alken, Danish furniture designer that shows his wood based collection called TUNDRA including sofa, easy chair and table.
